## Tutoring & Speech

In need of Speech Therapy or Orton -Gillingham Tutoring for reading?

We can help! We have trained specialists that can work with your child throughout the summer! Speech is offered for 3-5 year olds. Contact us to have an assessment and start your child on a path to success.

# Camp Descriptions

## **PRESCHOOL—KINDERGARTEN CAMPS (PS)**

**Cooking in Paradise:** Join us as we travel to the beautiful state of Hawaii! Children will explore the Hawaiian culture by engaging in hands on crafts, games, and creating traditional Hawaiian snacks! As we discover the beauty of Hawaii, children will create lei necklaces, tikis, a volcano, create a cookbook and more! Let's soak up the sun in Paradise!

**Cooking Safari:** Let's go on an adventurous journey to the Jungle! On this safari children will learn about jungle animals and their habitats through engaging games, crafts, and creating delicious snacks! Children will discover the inviting world of the jungle by crafting colorful artwork and creating a cookbook of delicious snacks they made during camp. Let's become safari experts and hike our way to the jungle!

**Cooking Under the Sea:** Join us as we dive into the ocean to explore life under the sea! Children will learn about fish, sharks, crabs and more through engaging crafts, games, sensory activities and creating sweet treats! Children will discover life under the sea by creating colorful artwork, a mini shark tank and creating a cookbook of sweet treats they made during camp. I can't wait to discover the sea with you!

**Crafty Camp Cooking:** Join us as we explore the outdoors on a camping adventure! Children will learn about camping shelter, food, and safety through engaging crafts, games and delicious treats! Children will make a tent, a pretend fire, a solar oven and a cookbook of delicious treats they made during camp! I can't wait to explore nature with you!

**Lego Jr Builder:** What can you build today? Each day, use your math, problem solving and logic skills to make a new creation. Cars, ninjas, cities, animals & more. Measure, weigh, create and explore. It's Lego's like you've never seen them. A new engineering adventure awaits you.

**Paw Patrol:** Go on a different adventure each day as we learn about one of the dogs from Pal Patrol. Marshall day - Firefighting, Rocky day - Recycling, Chase day - Police, Zuma - water rescue, and Sky - airplane.

**Princess Camp:** A beautiful and fun dream world full of royal and wonderful activities like making wands, and crowns and acting like a princess. Who is your favorite? On the last day dress up and practice your good manners at our Princess Tea Party.

**Simple Machines:** Find out how gizmos like wedges, wheels and levers help us in our daily lives. Become a simple machine master and craft incredible machines, partake in a ramp race, create catapults and more!

**Star Wars:** Use science to create a light saber, complete Jedi-training challenges and defeat the evil empire..

**Stomping through the Jurassic:** Join us as we travel back in time to the dinosaurs! Children will learn about different types of dinosaurs by creating and digging for dinosaur bones, and engaging in hands on crafts, games and more! As we travel through time, children will discover the magical world of the Jurassic as paleontologist in training!

**To Infinity and Beyond:** Strap in and prepare for launch as we aboard the Academy Space Shuttle to outer space! Children will explore space rocks, planets, star constellations and space food through engaging crafts, games, and hands on activities. Children will create their own planets, constellations, and discover the wonders of the galaxy! Let's grab our space suits and launch into space!

## **SCHOOL AGE 1ST-5TH CAMPS (SA)**

**Bob Ross Oil Painting Camp:** In this camp, we'll learn how to paint happy little trees, fluffy clouds and majestic mountains using Bob Ross' methods and following along with his lessons. While learning his painting methods, we'll also learn from Bob Ross' unique, positive growth mindset. "There are no mistakes, only happy accidents."

**Harry Potter Camp:** Come to Platform 9 3/4 and catch the Hogwarts Express to this "magical" camp. Each day offers something new: make a magical Mandrake and/or golden snitch, transfiguration and potions class, daily competitions, quidditch and more!

### **Mad Science**

Mad Science camp gives students an opportunity to learn about science through interactive, hands on experiments. They will do activities like creating slime, flubber, and maybe even some explosions! Students will become junior scientists with a balance of learning and fun!

### **Science of the outdoors**

Explore nature as junior scientists. Students will discover through outdoor activities and experiments. They will learn about the earth, plant life, bug life and more nature fun!

### **STEAM**

STEAM is the collaboration of science, technology, engineering, art, and math. Students will not only learn the connections between these topics, but apply them through experiments and creations.

**Sweet Treats: Cake and Cookie Decorating:** Young baker's will measure, stir, bake and decorate their own sweet treats. They will learn how to level a cake, make a crumb layer, fill and ice a cake, and piping techniques. At the end of the week, each camper will bring home his or her own decorated cake.

**Please pack a water bottle each day. All Camp fees are non-refundable**
